Children's Chinese Cultural Activities

Fun for the whole family! Bring your children to the Chinatown Mall Culture Fair Children's Activity Area to participate in free educational Chinese cultural activities and win unique prizes. This year's theme is based on the traditional Chinese Moon Festival. With 30 activity booths, this is a fun and exciting way to learn Chinese language and culture.

Ping Yuen China Arts Courtyard

Come and visit the Ping Yuen Courtyard to enjoy Chinese paper folding or zhezhi, the art of paper folding that originated in China. This year we are supporting the Cranes for Peace. Every year many thousands of people around the world fold paper cranes as an expression of hope for a world at peace, where non-violent means are used to resolve conflicts, and where people can live without fear. The cranes will be taken to the Children's Monument in the Peace Park in Hiroshima. Also, enjoy creating up to three different types of Chinese lanterns in the shade of the Ping Yuen courtyard. And, there's calligraphy which led to Chinese brush painting starting around 4000 B.C. and continuing for more than 6000 years.
